

**What are the COVID-19 prescreening procedures before I bring my child to the Club?**

**Prescreening**

Each parent is encouraged to screen their child with the following questions each day before reporting to camp:

- Do you have a fever of 100.4 or higher or sense the onset of a fever?
- Do you have a persistent cough?
- Do you have shortness of breath?
- Do you have a sore throat?
- Do you have new muscle aches or body chills?

**The Club for Boys needs to know:**

- Have you, anyone in your immediate family or anyone with whom you've been in personal contact with in the last 14 days been exposed to anyone who have either been tested for COVID-19 and are awaiting results or have been diagnosed with COVID-19?

If the answer is yes to any of the above questions, then your child may not attend the Club.
